

TIME	Description
09:00 - 10:00	Registration
10:00 - 11:30	Opening ceremony & Welcome drink
11:30 - 13:00	HALL (A) Plenary Sessions & KeyNote Paper
Prof. Dr. Mona Mehrez Prof. Dr. Mohamed Eid Prof. Dr. Hussain El-Nouby	Epidemic diseases threatening the animal and poultry welfare in Egypt. Material Transfer Agreement and Marketing of Technology.
13:00 - 14:00	COFFEE BREAK
14:00 - 16:20	HALL (C) Session 01 Animal Nutrition
	Chairperson: Prof. Dr. Sabah M. Allam Co-chairperson: Prof. Dr. Ismaiel Gomaa Co-chairperson: Prof. Dr. Hany Gado
14:00 - 14:20	Influence of protected and unprotected fat supplementation on milk yield and composition in postpartum period of dairy buffaloes. <i>Baiomy, A.A. and Hamad M. N. E.</i>
14:20 - 14:40	Improving productive and reproductive performance of buffaloes treated with biogenzinc supplementation in late pregnancy period. <i>El-Malky, O. M.; Zidan, Kh. I.</i>
14:40 - 15:00	The purine derivatives technique to measure microbial-N flow to intestine in cattle. <i>Nurcan Cetinkaya.</i>
15:00 - 15:20	Evaluation of use of olive cake silage in sheep feeding and its affect on growth rate. <i>Rafiq M.Tajori.</i>
15:20 - 15:40	Productive performance and physiological changes in the digestive tract of rabbits fed on nontraditional diets. <i>Morsy, W. A. ; Kh. Amber ; N. S. Isshak and M. E. Omara.</i>
15:40 - 16:00	Effect of humates in alleviating the toxicity of aflatoxin in local chicks. <i>Hassan, R. A. ; W. A. Morsy ; Nadia Lotfy and Y. Eid.</i>
16:00 - 16:20	Effect of supplemental humate at different levels on the growth performance and intestinal microflora of local chicks. <i>Hassan, R. A. ; W. A. Morsy ; Nadia Lotfy and Y. Eid.</i>
16:30 - 17:30	LUNCH BREAK

Conference Program

DAY 2 Sunday 25 October 2009

TIME	Description
09:30 - 10:00	Registration
10:00 - 12:20	HALL (C) Session 02 Molecular & Biochemical Diagnosis and Fish diseases Chairperson: <i>Prof. Dr. Nashaat Abdel-Metaal</i> Co-chairperson: <i>Prof. Dr. Hussain Aly Hussain</i> Co-chairperson: <i>Prof. Dr. Mostafa Abo El-Norag</i>
10:00 - 10:20	E Application of polymerase chain reaction (PCR) in diagnosis of bovine viral diarrhoea isolated from infected cattle in Kafr El Sheikh Governorate. <i>Hoda, A. EL Monem ; Amal, M. A. Raof ; Eman. A. Hatb and Habashi, A. R.</i>
10:20 - 10:40	h Application of polymerase chain reaction technique for identification of porcine origin in meat, meat by-product and meat bone meal. <i>Salem, G. H. Hanan; A. Fahmy ; Hoda, A. Elmonem ; Jehan, A. Gafer and Mahmood, A. H.</i>
10:40 - 11:00	i Microbiological studies on anaerobic bacteria isolated from some cultured and marketing fishes. <i>El-Hady, M. A. and Amer, H. A.M.</i>
11:00 - 11:20	t Lipid profile in adult rats supplemented with sunflower, corn oils and hydrogenated oils. <i>Fahmy, B. G. A.</i>
11:20 - 11:40	i Sunflower, corn oils and hydrogenated oils are fed and its relationship with serum antioxidants in adult rats. <i>Fahmy, B. G. A.</i>
11:40 - 12:00	O Laboratory and field study on the effect of insecticides and other compounds against poultry red mite (<i>Dermanyssus gallinae</i>) in layer cages in Egypt. <i>Ahmed, R. EL-Dahshan.</i>
12:00 - 12:20	n Efficacy of Garlic Extract on Hepatic Coccidiosis in Infected Rabbits (<i>Oryctolagus Cuniculus</i>): Histological and Biochemical Studies. <i>Fawzia, H. Toulah.</i>
12:30 - 13:30	COFFEE BREAK
13:30 - 17:10	HALL (C) Session 03 Anim. Prod. & Reproduction Chairperson: <i>Prof. Dr. Hesham H. Khalifa</i> Co-chairperson: <i>Prof. Dr. Farouk Abd-Allah</i> Co-chairperson: <i>Prof. Dr. Gamal Ashour</i>
13:30 - 13:50	n Assessing Housing Systems Comfort using Behavioural activities in lactating Buffaloes. <i>El Kaschab, S. Omar ; S. Saddick, I. and El Aref, M.</i>
13:50 - 13:10	Evaluating of Housing systems comfort using Behavioural activities in Buffalo calves. <i>El Kaschab, S. Omar ; S. Saddick, I. and El Aref, M.</i>
14:10 - 14:30	Influence of Housing Floor Bedding on welfare of lactating buffalo cows <i>El Kaschab, S. Omar ; S. Saddick, I. and El Aref, M.</i>

TIME	Description
13:30 - 17:10	HALL (C) Session 03 Anim. Prod. & Reproduction Chairperson: <i>Prof. Dr. Hesham H. Khalifa</i> Co-chairperson: <i>Prof. Dr. Farouk Abd-Allah</i> Co-chairperson: <i>Prof. Dr. Gamal Ashour</i>
14:30 - 14:50	Physiological and biochemical changes in Bovine mammary secretion during the dry period. <i>El-Gaafarawy, A. M. ; El-Sayed, A. I. M. ; Soliman, A. S. M. and Ali, M. A. E.</i>
14:50 - 15:10	Growth aspects, pubertal attainment and semen characteristics of buffalo calves treated with somatotropin under different climatic conditions. <i>Abdel-Aziz, N. A. ; Youssef, M. M. ; El-Malky, O. M. and Abdel-Salam, A. M.</i>
15:10 - 15:30	Effect of lead contamination of drinking water on cattle grazed around sugarcane factory in deshna city. <i>Abd-EL-Salam, M. N ; Ibrahim, H. A. ; Abu El-Magd, M. M. and Fatma, M. M.</i>
15:30 - 15:50	Selection indexes for genetic improvement of body weight at 12 month of age in Egyptian buffaloes. <i>Fooda, T. A. ; Karima A. Shahin ; Kawther A. Mourad and Abdallah, O. Y.</i>
15:50 - 16:10	Relationship between erythrocyte glutathione level and fleece yields and characteristics. <i>Filiz Akdag ; Mukadder Serter ; Yucel Meral ; Duygu Cakiroglu.</i>
16:10 - 16:30	Analysing mixed linear model supporting with graphical approaches to assessment of lamb pre-weaning growth traits in karakas ewes in Turkey. <i>Serhat Arslan.</i>
16:30 - 16:50	Overview of animal agriculture research and sustainable development in botswana. <i>Aganga, A.A. and Nsosos, S.J.</i>
16:50 - 16:30	Technical efficiency of small-scale rabbit production in South-West Nigeria. <i>Fakayode Segun Bamidele.</i>
16:30 - 16:50	Studies on probiotics criteria of some bifidobacterial and lactobacilli strains for producing synbiotic yoghurt as a functional food. <i>Abeer E. A. ; Amer, B. A. Abd El-Salam.</i>
16:50 - 17:10	Productive and reproductive performance of lactating buffaloes fed on rations containing different levels of date stone. <i>Nany, S. I. Kassim and Afify, A. A.</i>
17:30 - 18:30	LUNCH BREAK

TIME	Description
09:30 - 10:00	Registration
10:00 - 11:00	HALL (A) Plenary Sessions & KeyNote Paper
Dr. Adel Tanios Dr. Ahmed M. Bakr	Strains Bank Economical and Environmental Impacts. Improvement of Vaccines.
11:00 - 13:00	HALL (C) Session 04 Animal & Poultry diseases and vaccines
	Chairperson: <i>Prof. Dr. Adel Fayed</i> Co-chairperson: <i>Prof. Dr. Sayed Salem</i> Co-chairperson: <i>Prof. Dr. Seham Abdel-Rasheed</i>
11:00 - 11:20	Production losses due to endemic foot-and-mouth disease in cattle in turkey. <i>Berrin Senturk ; Cengiz Yalcin.</i>
11:20 - 11:40	Haematological,clinical and parasitological studies on unthrifty lambs. <i>Emam, E. E. ; Alam, T. H. and Nasr, S. S. M.</i>
11:40 - 12:00	Immunological response of cattle vaccinated with sheep pox and bivalent fmd vaccines. <i>Namaa, A. M. and Hegazi, A. Z.</i>
12:00 - 12:20	Trials for preparation of tissue culture inactivated freeze dried ehv-1 vaccine. <i>Nehal, S. Saleh ; Eman, M. Ebied ; Nashwa, K. Madkour ; Magda, A. Kalad and Soliman, I. M. A.</i>
12:20 - 12:40	African trypanosomes; a model for studying molecular diagnosis of blood borne infectious parasites. <i>Ahmed, H. A. ; Picozzi, K. ; Eisler, M. and Welburn, S. C.</i>
12:40 - 13:00	Outbreak of laryngotrachetis in commercial layer flocks in Palestine. <i>Salameh Barhoom.</i>
13:00 - 14:00	Closing Session
14:00 - 15:00	COFFEE BREAK
